

## SCALAR ENERGY PENDANT

The CONVERGENCE of two identical electromagnetic frequencies (EMF) from two opposite direction produces Scalar Energy.

The CONVERGENCE of the free movements of this EMF keeps them in one place; Scalar Energy is stationary energy.

The CONVERGENCE of Scalar Energy provides the health benefits when one comes close to it

1920's **Einstein** referred to Scalar Energy

**Nikola Tesla** - 50 years later able to demonstrate the existence of Scalar Energy

Mid 1800's Scalar Energy Propose By  
**James Clerk Maxwell**

Scalar Energy Pendant is infused with Special Japanese Volcanic Lava containing over 70 natural minerals, Natural Cosmic Energy Minerals, processed under extreme temperatures before it is coagulated to form bio-ceramics under low temperature treatment. Scalar Energy Pendant conserves its natural cosmic energy through its highly permeable and synergetic properties. Inwardly, it biologically improves cell permeability, and outwardly, it enhances the bio-electric field of the body.

Scalar Energy Pendant has high resonant properties which release natural cosmic energy bearing wavelengths measuring  $4u - 12u$ , correlating with the human body's wavelength of  $9.8u -$

10u(Bio-Electric Field) at a temperature of 36 -37 degree Celsius, with permeation strength of 13cm to 15cm.

### **EFFECTS OF NEGATIVE IONS**

1. Direct effects of Negative ion on human health

Activate cells: through cell membrane, it promote exchange of calcium and natrium inside and outside membrane, and keep cell's activity.

Blood purification: through cell's activity, it promote cell metabolism, and excreted hazardous waste and toxic substances from body.

Resume fatigue: eliminate illness factors, quickly recover physical strength.

Stabilize botanic nerve system: influence botanic nerve system to obtain rirritable ability, adjust function of botanic nerve system.

Strengthen resistance capacity to disease: stabilize emotion, increase C-Ball globins content, improve quantity and quality of leukin, and boost leukin's phagocytic function to the bacteria.

Restrain tumour cell growing: influence the composition and distribution of charged particles in blood, and increase cell's activity.

Absorb and shield electromagnetic radiation. Improve allergic physique: adjust the balance of botanic nerve system, strengthen the resistance to allergen material.

## 2.The main performance of negative ion for human body

The influences for nervous system: enhance pallium function and brain activity, excite nerve, improve work efficiency, and improve sleep quality. Negative ion also can strength the intensity of oxidation process of brain tissue, and help brain tissue to obtain much oxygen. Influences to cardiovascular system: negative ion has obvious effects to vascular expansion, restrain cholesterol content of serum, purify blood, avoid lipid depositing on vascular wall, improve blood circulation, relieve artery vasospasm, and achieve to maintain steady blood pressure.

Negative ion has big benefits for improving cardiac function and myocardial nutrition, and is good for the rehabilitation of hypertension and vascular diseases patients.

Influences to blood system: studies proved that negative ion has function to slow blood and extend clotting time, increase the oxygen content in blood, and thus is beneficial to oxygen transmission, absorption and utilization.

To improve NK activity to damage cancer cell; restrain the happening and transfer of cancer cell.

To restrain colorless leukotriene that could cause allergy and angry state, could be used in beauty and skin treatment. For example, skin burns can be quickly cured by negative ion. Negative ion also has analgesic effect.

To prevent artery probation or peroxide lipid of liver, too much ions may cause oxidation of axunge, quick oxidation of axunge will accelerate body aging.

Remove skin waste, increase activity of the skin, has significant effect for beauty.

From above we can conclude that negative ion is closely related to human's all systems, that is, human health, therefore it is will play a obvious role in human health.

### SOME TESTIMONIALS

### FREQUENTLY ASKED QUESTIONS (F.A.Q.)

1. What is the pendant made of?  
A. Quantum Pendant is made from natural volcanic minerals.

2. Does energy reduces from broken pendant?

A. No, same energy is produced from broken pendant.

3. How is the Scalar-Pendant going to help me?

A. You will feel more energetic, more focused, be less prone to suffer from headaches and can better cope with stress. Any aches and pains should gradually disappear.

4. Should I wear the Scalar-Pendant all the time?

A. Yes. Even during bath you can wear it, water will not affect the effectiveness of the pendant. In fact Scalar Energy reacts best with water. Some people are concern when the pendant gets wet. The concern here is not the pendant but rather the string/cord. We advise that you carefully remove the pendant before showering so that the string/cord do not frail quickly from the wetness and therefore, would last longer. If you are wearing the pendant with a metal chain then this is not an issue.

5. How soon will I have to wait before experiencing any effects?

A. Some respond within a few hours while others may require up to a month to register its effects. If there is still no effect after a month, removing it for a week is sometimes the best way to monitor how it has been of benefit.

6. Will it ever run out?

A. No, it will last a lifetime. It also does not require any maintenance.

7. What can I do if wearing the Scalar-Pendant did not help to reduce the pain of the affected part?

A. You can try rubbing the Scalar-Pendant directly over the painful area.

8. What are the side effects of using the pendant/bracelet?

A. Some users have experienced skin rashes or feeling tired for a short period of time. This is called "healing crisis". This happens when our body tries to dispose toxins at a faster rate than our body can cope with. This often happens during detoxification and when cleansing takes place within our body. It also happens when our body is trying to heal itself to achieve a good state of health, and in the process, the symptoms of healing crisis can be dramatic and unpleasant. A healing crisis can result from any holistic/natural therapy such as homeopathy, naturopathy, improved diet, and or using the Quantum Pendant.

9. How do I energize the water?

A. By placing Scalar-Pendant underneath a glass or a bottle of water for at least 15 minutes.

10. What are the benefits of drinking energized water?

A. It is the same as the benefits of wearing the Scalar-Pendant and the effects last 4-24 hours depending on the individual's energy level. The water has a fresher and more pleasant taste. Some have applied the energized water to the skin for chronic skin diseases. Others have used it on their hair to promote hair growth.

11. What is the difference between alkaline water and energized Scalar-Pendant water?

A. Many have mistakenly believed that making the body less acidic via alkaline water is healthy! This can cause pH imbalance, bone problems and organ damage if not careful. Safest way is fruits and vegetables and your body balances the pH itself through natural processing of these healthy foods. Drinking water is safer when neutral pH, as it is in its natural state. For more information, read Harvey Diamond's "Fit for Life" book. Scalar-Pendant does not tamper with the natural safe pH of energized healing water. If nature wanted us to drink alkaline water, then water would be alkaline. Keep in mind that water is of neutral pH.

12. Where is the proof of these benefits?

A. Now a days, people are addict of the mobile, which receives the electro-magnetic waves all the time, which also make bad effect on our nervous system. If we have the mobile in our pocket on in hand, due the electro-magnetic waves we laps with our balance and energy. While if you wear the Quantum FOCE Pendant then it will impact positively on your system.

13. How does it prevent jet lags?

A. Wetter liquids - more ability for the body organs to absorb water, increased 'hydration' locked within the natural molecular structure are thousands of molecular clusters. The body organs can hydrate and absorb the liquid more easily. In addition, the surface tension of the water has been removed (bio film) which adds to the hydration effect. Increased oxygen potential - Increasing oxygen in the blood cells increases energy levels. The natural molecular structure locks in the oxygen and other gases within the liquid into quantum suspension. These gases cannot evaporate, as they are part of the liquid. This in turn allows the bodies DNA to absorb oxygen at much higher levels than can be found in other liquids.

14. How is it used to lock the chlorinated water?

A. While chlorine is a wonderful bio-side, it has also been shown to destroy life. Fish and plants cannot live with it. If your supply of water contains chlorine then one can simply stand a bottle of chlorinated water over the pendant or authenticity card. The new molecular structure of the water will remove the smell taste and odour of chlorine. Yet the chlorine is still effective but in this case the fish can live and plants will grow.

15. How does the energy transfer to the water using Scalar-Pendant?

A. The pendant energy resonates into the liquid where it 'picks up' the resonance. The resonance generated is similar to that which is found in the earth surrounding many healing spring waters of the world. Much research is now focused on this fact as 70% of our bodies are made of water and it is important to nourish the body with the correct molecular structured water.

**16. Is the pendant magnetic?**

A. NO, it is non-magnetic
